# SUMMER 2024

## Welcome to the Orono Community Education SUMMER PROGRAM!

Our program uses a unique combination of talented educators from within the Orono Schools and from neighboring school districts as well as partnerships with several local and national education businesses. The goal is to provide programs that keep students and community members active in both mind and body throughout the summer. We encourage you to spend your summer developing a healthy lifestyle, academic strengths, positive social skills and character. Whether you participate in your favorite activity or learn something new - we hope you HAVE FUN!

### Office Location & Summer Hours

Monday - Thursday 8:30 AM - 4:30 PM  
Friday 8:30 AM - 4 PM

Due to scheduled maintenance work in buildings this summer the Community Education office will relocate to the Intermediate School. The office location will be posted on our website in May.  
[ce.oronoschools.org/youth/summer-programs](http://ce.oronoschools.org/youth/summer-programs)

Class locations are subject to change. Many classes list the building they are located in without a specific classroom. Room numbers will be included on the class reminder you receive via email a couple of days before the first day of class. Our staff is also available to guide students to the appropriate classroom when they arrive for the day.

# ABOUT OUR PROGRAM

The online **Camp Calendars** show which camps and classes are available each week. Scan the code below to view!

## Camp Descriptions are grouped by topic. See pages 6 - 49.

## Bus Transportation is available

June 17 - August 8.

Camps that have bus transportation available both to and from are indicated with a dot in the "bus" column on the online Camp Calendars. Routes are limited. See page 5 for bus registration details.

## Lunch Bunch

is available to students registered for both morning and afternoon camps. Bring a lunch and our staff will supervise students and help them get to their afternoon camp. See page 5 for details.

## Ages & Grades

Register for camps and classes that correspond with the **grade completed** in the 2023-24 school year.

## Class Confirmation

To receive confirmation of your class enrollment, **MAKE SURE YOU INCLUDE YOUR EMAIL ADDRESS!** Otherwise, no news is good news! The only time you will hear from us aside from the email confirmation is:

- If there is a change in class time, day or building location
- If the class is cancelled
- If a class requires additional information.

## Registration Information

Detailed information regarding registration including financial assistance, payment plans and refund policies can be found on page 55.

## Health Concerns or Special Needs

Please indicate any special learning, emotional or health needs at the time of registration so our staff can assist your child in having a successful experience in our program. Community Education does not have access to school district records for this information.

## Payment Plans

A payment plan of three installments is available to all who register by credit card. First payment is due at the time of registration, second is due June 15, and the final payment is due July 15. Call the Community Education Office at 952-449-8350 if you would like to request other payment arrangements.

## Food Allergies

Some classes may include projects or activities using food. If your child has a food allergy, please indicate this at the time of registration. Our staff will contact you to confirm if your child needs any accommodations.

## Snacks & Lunches

We recommend you send a snack and a water bottle with your student.

If your child has a full day program or is scheduled to attend both a morning and afternoon program, you will need to send a lunch. (See Lunch Bunch on page 5).

For information regarding food resources and support, contact: [genna.torney@orono.k12.mn.us](mailto:genna.torney@orono.k12.mn.us)

## Participant Accommodations

Orono Community Education works to help each student be successful in our programs. We will do whatever we can to provide reasonable accommodations for students within the general nature of each activity. Some programs or settings may not be an appropriate match for a student's needs. If you have concerns about participation or would like to request support for your student, please contact us at 952-449-8350.

# ABOUT OUR PROGRAM

# SCIENCE & NATURE

## Chemistry Basics

Dive into the fascinating world of chemistry: mixing, measuring, and creating your own scientific wonders. Learn why and how things work the way they do through fun experiments. Come ignite your passion for chemistry and science!

*Instructor: Andy Kahler*

**#S844 | Grades 3 - 5**

**Monday - Thursday | July 29 - August 1**

**4 sessions - \$115 | 1 - 4 PM**

**Orono Intermediate School**

**#S821 | Grades 5 - 7**

**Monday - Thursday | July 29 - August 1**

**4 sessions - \$115 | 9 AM - 12 PM**

**Orono Intermediate School**

## Curious Critters

Is that a mammal, bird or fish? Join this factual, fictional, and fun exploration of amazing animals like fruit bats, sea turtles, and a curious creature that has teeth in its throat. Bring your stuffed animals to hang out with and explore the world of animals and literacy!

*Instructor: Josette Repke*

**#S345 | Grades K - 2**

**Monday - Thursday | June 24 - 27**

**4 sessions - \$105 | 1 - 4 PM**

**Orono Intermediate School**

## Foam, Slime & Potions

Step into a world of captivating experiments and mind-blowing discoveries! Immerse yourself in the enchanting realm of foam, slime, and potions, as we unravel the secrets of science. Concoct elixirs that magically change color, create your own bouncy balls, and whip up some homemade candy that fizzes in your mouth. Each experiment combines the perfect blend of creativity and scientific exploration. Transform learning into a bubbling cauldron of pure excitement!

*Instructor: Kidcreate Studio*

**#S301 | Ages 5 - 12**

**Monday - Thursday | June 24 - 27**

**4 sessions - \$206 | 9 AM - 12 PM**

**Orono Intermediate School | Room 211**

## GoSolar! Kidz: Growing & Cooking with the Sun

The sun is your best friend if you know how to use it! Learn how to cook with just the sun - no electricity, gas, charcoal, or wood needed! Students will cook meals, dry food for preservation, and purify water using the sun's energy. Build your own mini sun oven and take home an edible microgreen plant.

*Instructor: GoSolar! Kidz*

**#S332 | Grades K - 6**

**Monday - Thursday | June 24 - 27**

**4 sessions - \$229 | 1 - 4 PM**

**Orono Intermediate School**

## Land, Sea & Sky

Want to know more about the land we walk on? The sky above us? Or maybe even the sea below us? Ask big questions and find answers as we explore what makes up our planet! We will create projects, read books, and learn all there is to know about the area we inhabit.

*Instructor: Chloe Williams*

**#S315 | Grades K - 2**

**Monday - Thursday | June 24 - 27**

**4 sessions - \$105 | 9 AM - 12 PM**

**Orono Intermediate School**

**#S911 | Grades 3 - 6**

**Monday - Thursday | August 5 - 8**

**4 sessions - \$105 | 9 AM - 12 PM**

**Orono Intermediate School**

## LED's, Circuits & Conductivity

Dive into the world of circuits, conductivity, and LEDs as young scientists embark on a journey of discovery. Craft your own light-up greeting cards and fireflies, and bring your creations to life with the magic of LEDs. Explore electromagnets, learn what powers everyday devices, and conduct hands-on experiments to unravel the mysteries of magnetism.

*Instructor: Kidcreate Studio*

**#S501 | Ages 5 - 12**

**Monday - Thursday | July 8 - 11**

**4 sessions - \$206 | 9 AM - 12 PM**

**Orono Intermediate School | Room 211**

## AT HOME STEM KITS

At home STEM kits from **The STEM Lab**.

An email will be sent about pick-up dates and times. Summer kits will be available for pickup starting **May 15** at the **Orono Community Education office**. Kits available to order through **August 1**.

**Backyard Explorers: Bird Watch**  
S6003 | Ages 3 - 10 | \$57

**Backyard Explorers: Bubbles**  
S6005 | Ages 3 - 10 | \$42

**Backyard Explorers: Bug Hunt**  
S6004 | Ages 4 - 10 | \$57

**Backyard Explorers: Honey Bees**  
S6002 | Ages 4 - 10 | \$42

# SCIENCE & NATURE

## Magic School Bus: Animal Habitats

Get on the bus with Ms. Frizzle! Investigate the size of the animals that live in different places around the world. What is it like to live in a stream or pond or even in a dark cave? What do we need to survive? We will also travel to an island that is being formed.

*Instructor: Josette Repke*

**#S613 | Grades K - 2**  
**Monday - Thursday | July 15 - 18**  
**4 sessions - \$105 | 9 AM - 12 PM**  
**Orono Intermediate School**

## Magic School Bus: Living Things

Hop on the bus with Ms. Frizzle and discover the magic of science. We will shrink to become plants and insects and even travel through the body as blood and food! Using a mix of literature, science, physical activities, art and cooking, we will explore the interconnections of our world.

*Instructor: Josette Repke*

**#S515 | Grades K - 2**  
**Monday - Thursday | July 8 - 11**  
**4 sessions - \$105 | 9 AM - 12 PM**  
**Orono Intermediate School**

## Marsh Life

Bring your rain boots and curiosity as we explore the lakefront and its marshy edges. Here, we will discover dozens of species of small water creatures called macro invertebrates. Catch some tadpoles and find the nesting areas of migratory birds such as the Baltimore oriole. As we work near the water's edge, the osprey and bald eagle as well as the trumpeter swan family will keep us entertained. This habitat is loaded with many species of mammals, birds, insects and amphibians.

*Instructor: Marleane Callaghan*

**#S212 | Grades 2 - 6**  
**Monday, Tuesday & Thursday**  
**June 17 - 20 | No class June 19**  
**3 sessions - \$79 | 9 AM - 12 PM**  
**Orono Rotary Learning Pavilion**

## Nature Explored

Make a connection with nature as we explore books and science together. We'll even head into the great outdoors at the nature center on campus. From bugs and birds to trees and flowers, we will see and experience it all!

*Instructor: Kathi Hibbs*

**#S521 | Grades 3 - 5**  
**Monday - Thursday | July 8 - 11**  
**4 sessions - \$105 | 9 AM - 12 PM**  
**Orono Intermediate School**

**#S614 | Grades 1 - 2**  
**Monday - Thursday | July 15 - 18**  
**4 sessions - \$105 | 9 AM - 12 PM**  
**Orono Intermediate School**

## Science Fun & Games

Transform complex scientific concepts into thrilling games and activities. Create your very own roller coaster using straws and race against your friends with engineered race cars powered by balloons. Dive into a world of hands-on experiments and unravel the mysteries of science through interactive games. Don't miss out on this incredible opportunity to play your way through fascinating scientific concepts!

*Instructor: Kidcreate Studio*

**#S531 | Ages 5 - 12**  
**Monday - Thursday | July 8 - 11**  
**4 sessions - \$206 | 1 - 4 PM**  
**Orono Intermediate School | Room 211**

## Scientific Method

Grab your lab coats, put on your goggles and fasten your seat belt to enter the world of trial and error, failure and success, asking questions and finding answers. Young scientists will learn the six step scientific method through exploration of science experiments.

*Instructor: Chloe Williams*

**#S351 | Grades 3 - 6**  
**Monday - Thursday | June 24 - 27**  
**4 sessions - \$105 | 1 - 4 PM**  
**Orono Intermediate School**

**#S640 | Grades K - 2**  
**Monday - Thursday | July 15 - 18**  
**4 sessions - \$105 | 1 - 4 PM**  
**Orono Intermediate School**

## STEM Sampler

Join us for lots of fun, hands-on STEM topics! Explore chemistry as we make glow slime and butter slime. Investigate technology and go undercover to unlock secret messages and create spy tools. Put your skills to the test as you design and construct simple machines to solve engineering challenges. Join us for a week filled with engaging experiments.

*Instructor: Science Explorers*

**#S831 | Grades 1 - 5**  
**Monday - Thursday | July 29 - August 1**  
**4 sessions - \$158 | 1 - 4 PM**  
**Orono Intermediate School**

## Survivor in the Big Woods

Minnesota can experience -30 to 100+ degree temperatures all in the same year! Learn tips to be better protected from these extremes, learn about survival car kits, what to keep in your backpacks and where our weather actually comes from. Build a shelter, build a fire, catch water and learn about an important medicinal plant.

*Instructor: Marleane Callaghan*

**#S511 | Grades 3 - 6**  
**Monday - Thursday | July 8 - 11**  
**4 sessions - \$105 | 9 AM - 12 PM**  
**Orono Rotary Learning Pavilion**

# TECH & ENGINEERING

## 3D Engineering: Architectural & Structural Design

Unlock your creativity in this architectural LEGO® class! Dive into the world of construction as you learn 3D design principles and math skills through building structures, towers, castles, and more. Working in pairs, explore concepts like scale, stacking vs. staggering bricks, and architectural fundamentals while constructing houses with removable roofs, castles with turrets, and mighty towers.

*Instructor: Tech Academy*

**#S904 | Grades K - 2**

**Monday - Thursday | August 5 - 8**

**4 sessions - \$164 | 9 AM - 12 PM**

**Orono Intermediate School**

## 3D Printing: Jewelry & Wearables

3D Printing introduces students to a new world of possibilities! Learn 3D modeling and printing using Tinkercad to design jewelry or wearable creations and print two designs in class. Join us to draw, design, and see your creations come to life. Students must be comfortable using a laptop and mouse to design their creations.

*Instructor: Engineering for Kids*

**#S733 | Grades 4 - 8**

**Monday - Thursday | July 22 - 25**

**4 sessions - \$215 | 1 - 4 PM**

**Orono Intermediate School**

### Class Locations

Classroom locations not listed with class descriptions will be included on the class reminder you receive via email a couple of days before the first day of class.

## 3D Printing: Minecraft Creations

3D Printing and Minecraft are two of the most exciting things around. Learn 3D modeling and printing using Tinkercad to design basic Minecraft creations and print two designs in class. If you like to draw, design, and see creations come to life, then this class is for you! Students must be comfortable using a laptop and mouse to design their creations.

*Instructor: Engineering for Kids*

**#S703 | Grades 4 - 8**

**Monday - Thursday | July 22 - 25**

**4 sessions - \$215 | 9 AM - 12 PM**

**Orono Intermediate School**

## 3D Printing: Star Wars

Unleash your creativity with 3D design! Using Tinkercad and Cura, bring your ideas to life and design a droid. Dive into out-of-this-world CAD challenges and bring home two printed 3D models.

*Instructor: Tech Academy*

**#S836 | Grades 2 - 6**

**Monday - Thursday | July 29 - August 1**

**4 sessions - \$193 | 1 - 4 PM**

**Orono Intermediate School**

## Alien Ooze & Terrific Tech Lab

Calling all aspiring scientists! Dive into a world of alien technology and mesmerizing slimes as the lead scientist in your very own lab. Each day brings new discoveries and experiments with exciting alien slime varieties. Engage in hands-on STEAM activities, from engineering hovercrafts to crafting planetary night lamps. Join us for a wacky and fun-filled camp where imagination knows no bounds!

*Instructor: TechTacToe*

**#S307 | Grades K - 3**

**Monday - Thursday | June 24 - 27**

**4 sessions - \$212 | 9 AM - 12 PM**

**Orono Intermediate School**

## Awesome Robotics

Explore logic, pattern recognition, and math concepts as you are challenged to build awesome robots. Develop basic programming techniques using custom-made programming blocks in PCs. Get hands-on experience using gears, axles, and connector blocks in robotic challenges.

*Instructor: TechTacToe*

**#S135 | Grades K - 3**

**Monday - Thursday | June 10 - 13**

**4 sessions - \$212 | 1 - 4 PM**

**Orono Intermediate School**

## Beginner Coder - Pokémon Adventures

Create an amazing Pokémon adventure in a video game of your own creation! Specially designed for beginner coders, we make it extra fun for students to learn coding skills. Create your own universe of magical Pokémon creatures to explore an adventure map, code a "catch a Pokémon" game, design your own Pokémon team, and create a game to duel against friends. Bring a USB flash drive to save your projects.

*Instructor: TechTacToe*

**#S536 | Grades K - 3**

**Monday - Thursday | July 8 - 11**

**4 sessions - \$218 | 1 - 4 PM**

**Orono Intermediate School**

# TECH & ENGINEERING

## Candy Lab

Create sweet memories this summer in this exhilarating STEAM camp! It's time to have delicious fun as you discover the science behind your favorite sweets. Mix up awesome experiments and design packaging for your creations. Make tasty gummy bears, mix up yummy edible slime, and so much more!

*Instructor: TechTacToe*

**#S134 | Grades K - 4**

**Monday - Thursday | June 10 - 13**

**4 sessions - \$207 | 1 - 4 PM**

**Orono Intermediate School**

## Clever Concoctions & Incredible Inventions

Get ready for a messy adventure! Dive into a world of slime and goo as we explore chemical reactions in a fun, hands-on way. From sticky concoctions to bouncy mixtures, you'll unleash your creativity while tackling engineering challenges and more. Leave the mess behind and take home memories of fun-filled learning.

*Instructor: TechTacToe*

## Coding - Micro:Bit® Robotics

Build it, code it, and move it all with the Micro:Bit® robot and coding platform. Students will construct and code robots to move, sense their environment, and participate in challenges using Micro:Bit®.

*Instructor: Youth Enrichment League*

**#S803 | Grades 3 - 7**

**Monday - Thursday | July 29 - August 1**

**4 sessions - \$172 | 9 AM - 12 PM**

**Orono Intermediate School**

## Coding My First Game: Minecraft Adventures

Unlock the magic of coding with your very own Minecraft adventure! Craft creatures and code your personalized game to share with friends. Working in small teams, design treasure maps filled with challenges like navigating lava and outsmarting dangerous creatures. Get ready for a journey into coding and creativity! Bring a USB drive on the last day.

*Instructor: TechTacToe*

**#S507 | Grades K - 3**

**Monday - Thursday | July 8 - 11**

**4 sessions - \$218 | 9 AM - 12 PM**

**Orono Intermediate School**

## Destination Mars: Rocketry

Launch and watch your rocket speed 300 feet into the air! Investigate basic aeronautical concepts including propulsion, thrust, lift, drag, and more. Hypothesize about travel in outer space, how to get a United States astronaut to Mars, and life on Mars. Please bring two empty 2-liter bottles for experiments.

*Instructor: Youth Enrichment League*

**#S304 | Grades 1 - 4**

**Monday - Thursday | June 24 - 27**

**4 sessions - \$190 | 9 AM - 12 PM**

**Orono Intermediate School**

## Drone Maker Engineering

Work in teams and use special classroom drones to learn about the principles of flight and their real world applications. Each day, you'll engineer your drones to complete a new mission like package delivery, fire fighting and medical missions. Creativity, problem-solving, and teamwork are encouraged each day.

*Instructor: Engineering for Kids*

**#S832 | Grades 4 - 8**

**Monday - Thursday | July 29 - August 1**

**4 sessions - \$215 | 1 - 4 PM**

**Orono Intermediate School**

## Drone Racing & Rocket Launching

Would you like to learn more about drone technology? What about learning to fly drones and participating in aerial races? Not only will you race drones against your friends, you'll also learn about model rocketry and how to shoot rockets up to 300 feet into space!

*Instructor: TechTacToe*

# TECH & ENGINEERING

## Engineering: Games & Gadgets

Get ready to build, experiment, and have a blast! Work in pairs to explore physics and engineering concepts while creating machines that whirl, flip, launch, and cruise. Each day brings exciting LEGO® challenges, puzzles, and game contests. This class is perfect if you love active building fun!

*Instructor: Tech Academy*

**#S707 | Grades K - 2**

**Monday - Thursday | July 22 - 25**

**4 sessions - \$164 | 9 AM - 12 PM**

**Orono Intermediate School**

## Engineering with LEGO®

Elevate your LEGO® building skills! Learn block coding to program your creations. From building super cool machines to incorporating motors, sensors, and light-up bricks, prepare to be amazed by the designs you'll create. Take your LEGO® experience to new heights!

*Instructor: TechTacToe*

**#S607 | Grades K - 3**

**Monday - Thursday | July 15 - 18**

**4 sessions - \$218 | 9 AM - 12 PM**

**Orono Intermediate School**

## Engineers Escape Room

Escape this room! Each day starts with a simulated escape room where teams have to solve engineering challenges and puzzles in order to escape! Challenges include building straw rockets, parachutes, flashlights, catapults, and coding a robot. Learn about the parts of an escape room and different types of puzzles. Then get creative and build your own escape room that you'll present on the last day for other teams to solve.

*Instructor: Engineering for Kids*

**#S602 | Grades 3 - 7**

**Monday - Thursday | July 15 - 18**

**4 sessions - \$215 | 9 AM - 12 PM**

**Orono Intermediate School**

## Engineers Odyssey Auto Innovators

Design and construct a variety of cars, including wind-powered vehicles, high-performance drag racers, and rubber band-propelled cars. You will be guided through the engineering and design process, teaching you how to create cars that are environmentally friendly and efficient.

*Instructor: Youth Enrichment League*

**#S603 | Grades 2 - 7**

## GoSolar! Kidz: Solar Car, Robot & Machines

Design and build epic solar-powered cars, robots, and machines from easy-to-assemble parts. Build solar-powered cranes, lift bridges, and many other designs. Let your young engineers explore the world of solar energy while learning how to problem solve and stretch the imagination.

*Instructor: GoSolar! Kidz*

**#S302 | Grades K - 6**  
**Monday - Thursday | June 24 - 27**  
**4 sessions - \$229 | 9 AM - 12 PM**  
**Orono Intermediate School**

## GoSolar! Kidz: Solar Go Karts Race

Learn how solar electric power is used in vehicles. Build a take home mini solar race car and challenge each other in a race. Students will also work in teams to build a solar go kart!

*Instructor: GoSolar! Kidz*

**#S732 | Grades K - 6**  
**Monday - Thursday | July 22 - 25**  
**4 sessions - \$229 | 1 - 4 PM**  
**Orono Intermediate School**

## GoSolar! Kidz: Solar Power Your Drone

Up, up and away! Build your own remote controlled drone and solar powered charging station. Students will challenge others in drone competitions and take home a mini drone.

*Instructor: GoSolar! Kidz*

**#S702 | Grades K - 6**  
**Monday - Thursday | July 22 - 25**  
**4 sessions - \$229 | 9 AM - 12 PM**  
**Orono Intermediate School**

## Hogwarts Secret Magic Lab

Immerse yourself in the magic world of wizards and STEAM adventures. Create a magic light-up wand, mix up fun concoctions, engineer your own locomotive, create your very own Golden Snitch, and much more!

## Water Safety

With the variety of accessible beaches, lakes and pools in our community, water safety is a MUST! Parents, sign up your 11-14 year old to take this class on pool and beach water safety, water rescue and safe boating. Participants will engage in interactive stations throughout the day as they learn from an American Red Cross trained Lifeguarding Instructor. There will be a short break for lunch in between stations. This class is not a swim lesson. Participants must already be able to swim 100 yards and tread water for 30 seconds independently. Rest assured that your child will receive some crucial, life saving information as they start to become more independent around the water. Please bring a swimsuit, towel, water bottle and lunch.

## Swimming Lesson Pre-Assessment - Fall Lessons

Pre-assessments for Fall 2024 lessons will take place in early August

If you are new to Orono Community Education's swimming lessons, we encourage you to schedule a free swimming pre-assessment to determine the best level for your swimmer. Pre-assessments take place at the Orono pool and instructors will guide your swimmer through a set of skills in a 15-minute period. **Note:** Attending a pre-assessment does not guarantee a spot in lessons. Spots fill quickly.

Email [tara.st.martin@orono.k12.mn.us](mailto:tara.st.martin@orono.k12.mn.us) to receive scheduling info.

**All Wet! Activity Camp** is a great option to fill the 9 am - 12 pm time slot, in addition to your 30-minute swimming lesson.

## All Wet! Activity Camp

Amp up your morning fun! Designed to be a complement to swimming lessons, this option will fill the time before or after your swimming lessons that occur during our morning 9 AM - 12 PM camp time. Outdoor activities may include sprinkler fun, water balloon tosses, giant yard games and more! Indoor time will be spent on water-related science experiments and art projects. Also, play board games, do puzzles and more. Please send sunscreen that your child can apply independently.

**YOU MUST ALSO REGISTER AND PAY FOR A SWIMMING LESSON THAT IS IN THE 9 AM - 12 PM TIME FRAME DURING CORRESPONDING WEEKS. SEE THE SWIMMING LESSON SCHEDULE AT RIGHT.**

### Skateboard Camp

3rd Lair skateboard camps are designed for all ages and abilities and have been a part of Minnesota action sports development for over 25 years. We teach the basics of skateboarding as well as help more advanced individuals take their skating to the next level. Our professional instructors share their love of the sport in a fun and supportive environment designed to foster confidence and build skills. Our camps provide small group instruction based on skill level so everyone feels comfortable, supported and challenged. All participants are required to have a waiver signed prior to participating in camp. Waiver is available online at [3rdlair.com](http://3rdlair.com) > Info > Waiver.

### Log Rolling

Young adventurers will embark on an exciting journey to improve their balance and coordination in a fun and interactive environment while learning the sport of log rolling! Participants will work through a series of engaging activities and games aimed at developing essential balance skills. From mastering the basics of footwork and posture to navigating more challenging maneuvers, such as spins and directional changes, kids will gain confidence and proficiency on the rolling logs. Participants will also learn valuable techniques for staying safe while enjoying this unique water sport. Students should be able to float independently and tread water for 20 - 30 seconds. A waiver form is required for all participants.

### STEM Volleyball Camp

This program combines strategic STEM-based activities with traditional Skyhawks volleyball instruction and a focus on life skills such as teamwork and sportsmanship. The STEM Sports® volleyball curriculum enables students the opportunity to get behind the sport they love with modules centered around innovation and technology. Subjects include calculating contact time, optimal serving speed, the science behind serving, and more! Participants will also learn the fundamentals of passing, setting, hitting, and serving through skill-based drills and scrimmages.

# COLLEGE PLANNING

## ACT College Examination Preparatory Course Live Virtual Class

This course is an excellent alternative for any student unable to attend an in-person class, but still prefers the interaction with an instructor. Our instructors teach live via Zoom and are available to answer questions if needed. You will need an internet connection and a computer/tablet/smart phone. Instruction for all areas tested will be provided with focal points on diagnostic testing, science reasoning, math review and strategies, reading comprehension improvement, English strategies, writing essays, overcoming test anxiety and time management. Please have notebook paper, pencils and a calculator available. Once enrolled, students are sent a link via email for their class. For a complete list of ACT prep class locations, go to AdvantagePrep.net or call 612-222-5108.

## College Essay Writing Workshop Virtual

The college application process is complex and many colleges ask students to write personal statements and supplemental essays. How do you write an effective essay?

**Virtual Session 1:** College Connectors counselors will educate students about the purpose of the Common Application personal statement, evaluate and discuss effective essays, and guide students through exercises to create a draft of their personal statement. There will be pre-work for this session. Between session one and two, students will be expected to complete a first draft of their personal statement to receive written feedback.

**Virtual Session 2:** We will evaluate sample supplemental essays and discuss how to answer common supplemental questions that demonstrate to colleges there is a strong mission, academic, or cultural fit between the student and the college. Students will have an option to have an essay review meeting with a College Connectors counselor by August 9th. A zoom link and prework will be sent to those registered one week prior to class. *Instructor: College Connectors*

## Pickleball Advanced Play

If you're looking for a higher level of pickleball competition, this group is for you! The drilling in this program will be minimal and the majority of the time will be used for competitive play. An instructor will be present for court rotations, filling in for match play, answering any questions and providing helpful hints upon request. This group is more competitive, but still fun! This program will accommodate skill ratings of 4.0 and higher. Please visit [USAPickleball.org](http://USAPickleball.org) to best match a skill rating to your level of play.
